

Lisa Nandy MP
House of Commons
Westminster
London
SW1A 0AA

06 September 2024

Dear Secretary of State,

Organisations across the visual arts sector have united to provide key policy recommendations for the UK Government to enact, ensuring the sustainability and support of the UK's visual arts and artists. Together with 4,223 artists, curators, gallerists and arts professionals who have signed this letter, we call upon you in your new role to address the needs of our sector.

We collectively present a comprehensive manifesto highlighting the critical role of visual arts in the UK's £126 billion creative industries. The UK Art Market is worth £9.7 billion and is one of the largest in the world, and plays a crucial role in attracting high-value cultural tourism.

Our visual arts sector is a cornerstone of creative innovation, job creation, and cultural influence. British institutions and artists such as Tate, the Baltic, Dame Tracey Emin, Banksy, and Yinka Shonibare CBE are among the most well-known in the world.

Despite this, many other visual artists, particularly freelancers, are among the creative industry's lowest earners. We must address these disparities and support these essential workers. Our manifesto outlines both short-term and long-term goals to achieve this:

Short-term:

The Government should implement two initiatives recommended by the Culture, Media, and Sport Committee in its Creator Remuneration report, published in April 2024, that are essential to improving the livelihoods of visual artists.

- 1. Establish the Smart Fund:** To generate collective licensing revenue, providing much-needed financial support for visual artists, and the wider visual arts sector.
- 2. Appoint a Freelancer Commissioner:** To advocate for the rights and needs of freelancers in the visual arts sector.

Long-Term:

- 1. Incorporate Exhibition Payments into Copyright Law:** Ensuring that artists receive fair compensation for their work.
- 2. Provide Financial Stability for Disabled Artists:** Creating support structures to foster inclusivity and accessibility.
- 3. Integrate Visual Literacy into the National Curriculum at Key Stage 2:** Fostering creativity, critical thinking, and empathy from a young age.
- 4. Ensure Every School Child Visits a Cultural Organisation Annually:** Strengthening cultural education and appreciation.

Correspondence address:
DACs, 33 Old Bethnal Green Road, London E2 6AA
dacs.org.uk T: 020 7336 8811 E: Communications@dacs.org.uk

5. **Invest in Affordable Studios and Artist-Run Spaces:** Creating accessible and affordable workspaces for artists.
6. **Re-establish a Creative and Cultural Agreement with the EU:** Enhancing international collaboration and opportunities.
7. **Rejoin Creative Europe:** Supporting cross-border cultural projects and initiatives.
8. **Protect Free Entry to Museums and Galleries:** Ensuring accessibility to cultural resources for all.
9. **Promote Philanthropy Through Tax Incentives:** Encouraging private investment in the arts.
10. **Expand the Museum and Gallery Exhibition Tax Relief:** Providing financial relief and exhibition support.
11. **Reduce Emissions in Art Freight and Storage:** Promoting sustainability in the arts sector.
12. **Explore a Tourist Levy to Fund Cultural Projects:** Generating additional revenue for the arts through tourism.

These recommendations are investments in the visual arts, the UK's cultural heritage, economic growth, and global standing; encouraging more people, from everywhere in the UK and more diverse backgrounds to forge careers in our world-leading visual arts sector.

We urge the new Government to embrace this manifesto and take decisive action to support and sustain the visual arts sector.

We look forward to your positive response and working together to ensure a thriving future for the UK's visual arts.

Yours Sincerely,

Christian Zimmermann, CEO DACS

Julie Lomax, CEO a-n The Artists' Information Company

Paula Orrell, Director Contemporary Visual Arts Network England

On behalf of the below co-signatories.
